

Name (First and Last)	Are you presenting	What date are you presenting?	What time are you presenting?	What is the title of your presentation?	Where will your presentation be?	Any notes (location, presentation type, etc)	What is your email address
Rodrigo Puentes	Yes	8/31/2026	9:30	Associations of dry bulb and wet bulb globe temperatures with acute cause-specific cardiovascular hospitalizations: A time-series analysis across 12 U.S. states	PV03 Heat & Cold as Health Threats	Location: Poster boards; Presentation type: Poster viewing session; Poster Number: PV03-06	rodrigo.puentes.munoz@emory.edu
Ani Deshpande	Yes	8/31/2026	10:15	Environmental Suitability of Coccidioides in the United States Under Climate Change Scenarios		Traditional Oral	Aniruddha.deshpande@emory.edu
Ruby Hickman	Yes	8/31/2026	12:00	Associations between plasma metal(loid) concentrations and early neurodegenerative findings estimated from MRI in cognitively normal adults	Room 6	Flash Talk	ruby.hickman@emory.edu
Sabrina Chow	Yes	8/31/2026	12:00	Maternal metabolomic dysregulation connecting selenium exposure and preterm birth risk	Hörsaal	Flash Talk	sabrina.chow@emory.edu
Angela Rozo	Yes	8/31/2026	2:15 PM	Building Regional Capacity in Environmental Epidemiology: Lessons from the GEOHealth Hub in South America	Room 1	Symposium with 5 presentations from the GEO team	arozo@emory.edu
Haisu Zhang	Yes	8/31/2026	15:45	Characterizing Cold Temperature-Cardiovascular Disease Associations Across U.S. Metropolitan Areas	PV17 Environmental exposures and cardiovascular disease	Poster session.	haisu.zhang@emory.edu
Wyatt Madden	Yes	9/1/2026	9:30	Scalable Bayesian ensemble with spatially varying covariate-dependent weights for large-scale PM2.5 estimation	Poster Boards	Poster Viewings - PV30	wyatt.madden@emory.edu
Priyadarshni Patel	Yes	9/1/2026	10:15	Environmental Exposures Associated with Behavioral Outcomes and Their Link to Endogenous Metabolites in Children Born Very Preterm	Room 6		ppate91@emory.edu
Youran Tan	Yes	9/1/2026	10:15	Concordant and Distinct Intergenerational Internal Exposomics Signatures Across Pregnancy and at Birth Associated with Reduced Birth Size	TO12: Traditional Oral Session 12	Room 6 Traditional Oral	youran.tan@emory.edu
Jeremy Sarnat	Yes	9/1/2026	10:55	Salivary Cortisol as a Biomarker of Exposure and Acute Inflammatory Response to Traffic Pollution	Room 2		jsarnat@emory.edu
Sarina Abrishamcar	Yes	9/1/2026	14:25	Long-term air pollution exposure and the human brain proteome: a proteome-wide association study	Room 6	Traditional Oral Session 17 (TO17); "Air pollution and brain health: from early-life cognition to neurodegeneration"	sabrish@emory.edu
Mengyuan Ren	Yes	9/1/2026	14:55	Unveiling Metabolic Signatures and Pathways Linking Fine Particulate Matter to ADRD: A Brain Metabolome-Wide Association Study (#2053)	Room 6 (session number: TO17)	Traditional Oral Sessions	mengyuan.ren@emory.edu
Anke Huels	Yes	9/1/2026	15:05	Association between PM2.5 Components and Alzheimer's Disease-Related Proteins in the Brain	Room 6	Traditional Oral Session	anke.huels@emory.edu
Thomas Hsiao	Yes	9/1/2026	15:15	Causal Dimension Reduction for Multiple Continuous Exposures	Room 4	Part of a Symposium (\$22: Contemporary Issues in Estimating Joint Health Effects of Multiple Exposures: New Applications and Methods) from 14:15 to 15:45 Chaired by Howard Chang and myself (Thomas Hsiao)	thsiao3@emory.edu
Audrey Gaskins	Yes	9/1/2026	15:45	Detection of microplastics in human semen and their associations with sperm quality	Poster Boards	Poster	audrey.jane.gaskins@emory.edu
Danlu Zhang	Yes	9/1/2026	15:45	Short-term Associations between Heat and Emergency Department Visits for Parkinson's Disease, Multiple Sclerosis, Migraine and Seizures in California, 2005-2018	PV40 Environmental exposures and neurological impacts		danlu.zhang@emory.edu
Katelyn McVay	Yes	9/1/2026	3:45 PM	A Site Priority Index for Urban Farm Allocation: A Case Study in New York City Public Housing	Jupiter (4)	Poster Presentation	krmcvay@emory.edu
Morgan Lane	Yes	9/1/2026	15:45	Assessing Risk Factors for Heat-Related Illness: A Mixed-Methods Study Protocol for Emory's Climate and Health Actionable Research and Translation Center	Poster Boards	Poster presentation	mlane8@emory.edu
Mengyuan Ren	Yes	9/1/2026	16:07	High-resolution Metabolomics Reveal Metabolites Intermediate the Associations between Prenatal Traffic-Related Air Pollution Exposures and Infant Neurodevelopment (#2057)	E-Poster Terminals	Poster Discussions	mengyuan.ren@emory.edu
Kyle Campbell	Yes	9/1/2026	10:15 - 11:45 (Munich Time)	Placental PFOS is associated with inferred cell type-specific DNA methylation dysregulation of placental macrophage and stromal cell types in a prospective birth cohort	ISEE Traditional Oral Session 13 - TO13-07		kyle.abraham.campbell@emory.edu
Noah Scovronick	Yes	9/1/2026	3:45pm	Associations between heat and acute kidney injury using diagnostic codes versus laboratory criteria	Poster PV 38-39	Poster	scovronick@emory.edu
Kyle Steenland	Yes	9/1/2026	don't know	training in environmental in Peru	dont know	dont know	nsteent@emory.edu
Thomas Hsiao	Yes	9/2/2026	9:00	Temperature and Respiratory Emergency Department Visits: A Mediation Analysis with Ambient Ozone Exposure	PV50-04	Poster Session PV50: Climate change impacts on health	thsiao3@emory.edu
Danlu Zhang	Yes	9/2/2026	13:45	Identifying and Visualizing Dominant Exposure Combinations from Bayesian Kernel Machine Regression using Active Subspace	Traditional Oral Session 27		danlu.zhang@emory.edu
Camille Trautman	Yes	9/2/2026	15:15	Fine Particulate Matter and Cerebrospinal Fluid Protein Signatures of Dementia	PV59-20	Environmental exposures and neurological and mental health impacts; Presentation type: Poster	ctrautm@emory.edu
Carmen Marsit	No						carmen.j.marsit@emory.edu
Stefanie Ebelt	No						sebelt@emory.edu
Todd Everson	No						Todd.M.Everson@Emory.edu
